# BIO SIGNAGE Software

## Integrated Solution

**Bio Sign** is our digital signage software that can make it easier for users to set the content to be displayed on the digital signage monitor. This Bio Sign can support the user's business in advertising and information.

Bio Sign can be used with most types of TVs, monitors, interactive displays and all display with supporting specifications

Bio Sign can help you in managing scheduled content to be displaying on the monitor based on end user needs.

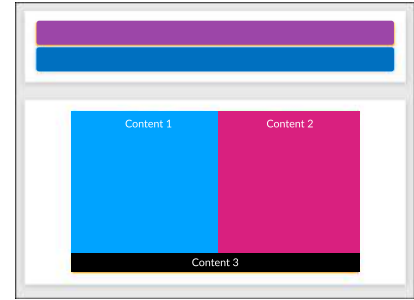

## FEATURES AND BENEFIT

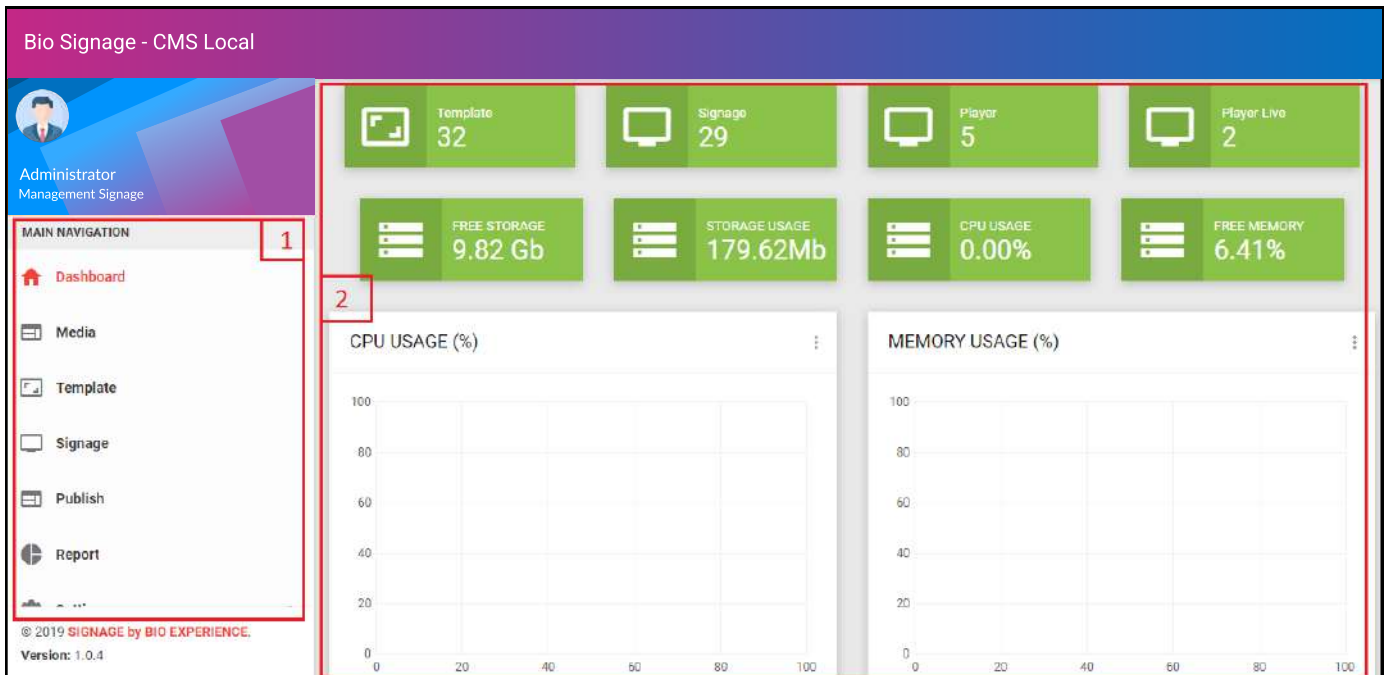

Architecture System	GUI Template Editor	Scheduling Content	Type and format content that supported	Other Features
<ul style="list-style-type: none"> <li>• Server Client</li> <li>• Supports On-Premise and cloud-based Installation</li> </ul>	<ul style="list-style-type: none"> <li>• Customizable drag and drop</li> <li>• Overlay</li> </ul>	<ul style="list-style-type: none"> <li>• Month</li> <li>• Day</li> <li>• Hour</li> <li>• Minutes</li> <li>• Instant Publish</li> </ul>	<ul style="list-style-type: none"> <li>• Pictures : JPG/JPEG/PNG</li> <li>• Video : MP4</li> <li>• Youtube</li> <li>• Digital O'Clock</li> <li>• Running Text</li> <li>• Webpage/URL</li> <li>• Supports maximum resolution display</li> <li>• Supports landscape and portrait display formats</li> </ul>	<ul style="list-style-type: none"> <li>• Have a preview of live indicator signage</li> <li>• Have a preview of each client device</li> <li>• Have multiple user access</li> <li>• Password protection for CMS login</li> <li>• Multi content display</li> <li>• Have a dashboard for statistics</li> <li>• Have offline playback capabilities</li> </ul>

## Easy-to-Use Template Editor

With Bio Signage Software provides a web-based template editor so that users can perform a drag-and-drop operation to create template.

## Bio Signage Software Dashboard CMS

## On-Premise Server Minimum Requirements

Spesification	Server
Operating System	Windows Server 2022
Processor	Intel Xeon E-2324G
RAM	16 GB
Storage	2 TB HDD 480 GB SSD
Support Player	Up to 100 Player

## Player Minimum Requirements

Spesification	Player
Operating System	Windows 10 / Android 8.0
Processor	Windows :Intel Core i5 Android : Rock Chip
RAM	16 GB
Storage	512GB
Screen Resolution	1920 x 1080
